

TGI Members

November 11, 2015

Chairs

Adam Costanza, Institute of Forest Biosciences
Keith Woeste, US Forest Service

Steering Committee

Jean Bosquet, Laval University
Barry Goldfarb, North Carolina State University
Glenn Howe, Oregon State University
Gary Peter, University of Florida

Consortium Members

Adam Costanza, Institute of Forest Biosciences
Susan McCord, Institute of Forest Biosciences

Benjamin Bartlett, US Forest Service
Barbara Crane, US Forest Service
Randy Johnson, US Forest Service
Dana Nelson, US Forest Service
Richard Sniezko, US Forest Service
Brad St. Clair, US Forest Service
Sarah Wiener, US Forest Service
Keith Woeste, US Forest Service

Sally Aitken, University of British Columbia
Carl Douglas, University of British Columbia
Yousry El-Kassaby, University of British Columbia
Shawn Mansfield, University of British Columbia

Barry Goldfarb, North Carolina State University
Steve Kelley, North Carolina State University
Steve McKeand, North Carolina State University
Ross Whetten, North Carolina State University

Glenn Howe, Oregon State University
Steve Strauss, Oregon State University

John Davis, University of Florida
Matias Kirst, University of Florida
Gary Peter, University of Florida

Mike Cunningham, ArborGen
Les Pearson, ArborGen

Greg Adams, J.D. Irving
Joshua Adams, Louisiana Tech University
Ben Babst, University of Arkansas at Monticello
Keith Belli, National Association of University Forestry Research Programs
Jean Bousquet, Laval University

Tom Byram,	Texas A&M
Rick Cantrell,	Black Briar Environmental
John Carlson,	Penn State University
Chris Davidson,	West Rock
Andrew Eckert,	Virginia Commonwealth
Bob Emory,	Weyerhaeuser Company
Ingo Ensminger,	University of Toronto
Jay Farrell,	National Association of State Foresters
Terry Hatton,	Canadian Wood Fibre Centre & FP Innovations

Carlton Owen,	US Endowment for Forestry & Communities
Martin Perron,	Quebec Ministry of Natural Resources
Om Rajora,	University of New Brunswick
Jim Rakestraw,	International Paper
Marc Rust,	University of Idaho
Armand Seguin,	Natural Resources Canada
Alvin Yanchuk,	British Columbia Ministry of Forests

Consider Joining TGI

The TGI includes all points along the research-stewardship chain of stress adapted trees from research, to growth, and use. We work for on-the-ground changes by conveying practical information in a timely manner to stakeholders, and we can use your input! Contact us at treegenes.org/contact to join this important effort.
